

# MK-WEIGHBRIDGE

## Description

MK-Cells has been known as a trusted name in the field of weight scale industry. Therefore, our weighbridge quality is essential to score above fair trades. The design is very simple, yet it has a solid structure to accommodate your requirement. Our weighbridges are built to handle an enormous amount of abuse. We guarantee our weighbridges can weigh trucks with a gross weight of 50,000kg ~ 100,000kg each at a rate of 200 weighing per day, at 365 days a year for 2 years. A quality reliability and consistency performing well are the keys.
